RAISING ASPIRATIONS

We challenge how young people think about the world of work and help raise their aspirations

EMPOWERING COMMUNITIES

We work with communities in many different ways, sharing expertise and resources for mutual benefit

Join a community of like-minded businesses dedicated to making North Manchester a better, healthier and fairer place to live and work. We welcome businesses of all sizes and sectors - if you also want to give back to North Manchester we want to hear from you.

HELP DELIVER CHANGE

We support wider efforts to address key challenges around poverty, health, employment and exclusion

BUSINESS TO BUSINESS

We encourage our members to share, work, learn and grow together
